

MASTER IN WORLD ECONOMY

Program Name: World Economy and China

Business School

INTRODUCTION

“World Economy and China” is a master’s program aiming to cultivate high-level international and professional talents who have solid academic foundation and profound understanding of China’s society, economy as well as culture characteristics, i.e., future business leaders with an international vision, multicultural communication skills and modern management abilities. Graduates should be able to meet the requirements of international labor markets, having the ability to work in multinational companies, government agencies as well as international organizations.

ENTRY REQUIREMENTS

Foreign students with English as a second language must be able to verify their language proficiency. Students are required to have a bachelor’s degree from an institution in an English-speaking country or a certificate documenting performance on an international English test (TOEFL: 550 points/ibt 80 points; IELTS: 6.0).
